

## Meet the BGCSD 6<sup>th</sup> Grade Team!

### Ms. Keesler- ELA

Hello, incoming 6<sup>th</sup> graders! I am so excited to meet you all and work with you in ELA during the 2021-22 school year! We will get to read some fantastic books and create some fun writing pieces and projects together! I have been teaching at Bainbridge-Guilford for two years now, and before that I taught in the Norwich and Windsor school districts. My favorite things to do include anything music-related, playing tennis, and eating interesting foods! A fun-fact about me is... I snort when I laugh!! I am excited to have many laughs together- see you soon!

### Mrs. Mayo- Math

Hello 6<sup>th</sup> graders! I'm looking forward to having the opportunity to teach you once again. I'm sure there are some new faces since 4<sup>th</sup> grade, but I'm excited that we will have another year together. This is my tenth year at Bainbridge-Guilford. My first two years were spent in Guilford, I taught 4<sup>th</sup> grade for 6 years and this is my second year teaching 6<sup>th</sup> grade math. As most of you know some of my favorite things to do include coaching basketball, softball, track, and soccer. I love being able to spend time with my family and our three dogs Sam, Molly, and Gracie. I also love cooking and trying new things. Let's have a great year!

### Mrs. Ives- Science

I'll be your 6<sup>th</sup> grade Science teacher again, and have been teaching for 26 years! This year in Science, the focus is on our "Dynamic Earth." If you are out and about this summer and come across interesting or unusual rocks or fossils, be sure and save them for Science class this year! I enjoy camping with my husband, spending time with my grandchildren, playing with my dog, Bella, and being outdoors! I am looking forward to working with you again this year!

### Mr. Foster- Social Studies

I have been teaching for nearly 20 years, all but one of those years at BG. History has been a passion since I was a child, and continues to be my favorite subject to teach at the Elementary level. When I'm not teaching, I am usually hiking or camping with my wife and three kids, coaching youth soccer, or playing bass in my band. I look forward to exploring the Eastern Hemisphere with the incoming 6<sup>th</sup> grade class. Many fun and exciting things are to be learned about the ancient world in the coming year!

### Mrs. Myers- Special Education Teacher

Next year I will be in some of your classes. I love to see student's light bulbs turn on! I have taught here at Greenlawn for two years. I have been teaching now for seven years total. Children are my sunshine to my gloomy day! My husband and I have a one year old son and two fur animals at home. We enjoy hiking, camping and kayaking! I can't wait to meet you all in the fall!
