

Meet the BGCSD 6th Grade Team!

Ms. Keesler- ELA

Hello, incoming 6th graders! I am so excited to officially meet you all and work with you in ELA during the 2022-23 school year! We will get to read some fantastic books and create some fun writing pieces and projects together! I have been teaching at Bainbridge-Guilford for three years now, and before that I taught in the Norwich and Windsor school districts. My favorite things to do include anything music-related, playing tennis, and eating interesting foods! A fun-fact about me is... I snort when I laugh!! I am excited to have many laughs together- see you soon!

Mrs. Mayo- Math

Hello 6th graders! I'm looking forward to having the opportunity to teach you next year! This is my eleventh year at Bainbridge-Guilford. My first two years were spent in Guilford, I taught 4th grade for 6 years and this is my third year teaching 6th grade math. As most of you know some of my favorite things to do include coaching basketball, softball, track, and soccer. I love being able to spend time with my family and our two dogs Molly, and Gracie. I also love cooking and trying new things. Let's have a great year!

Mrs. Ives- Science

I'll be your 6th grade Science teacher again, and have been teaching for 28 years! This year in Science, the focus is on our "Dynamic Earth." If you are out and about this summer and come across interesting or unusual rocks or fossils, be sure and save them for Science class this year! I enjoy camping with my husband, spending time with my grandchildren, playing with my dog, Bella, and being outdoors! I am looking forward to working with you again this year!

Mr. Foster- Social Studies

I have been teaching for 20 years, all but one of those years at BG. History has been a passion since I was a child, and continues to be my favorite subject to teach at the Elementary level. When I'm not teaching, I am usually hiking or camping with my wife and three kids, coaching youth soccer, or playing bass in my band. I look forward to exploring the Eastern Hemisphere with the incoming 6th grade class. Many fun and exciting things are to be learned about the ancient world in the coming year!

Mrs. Myers- Special Education Teacher

Starting in September I will be joining this wonderful team in some of your classes. I am really looking forward to working with you all again. I have been here at Greenlawn three full years. I am married with a two year old little boy. I also have a dog named Knox and a kitty named Raven. During my free time I enjoy family trips, camping, hiking and taking long walks. I truly am so excited for next year. Have a great summer!

Miss Clark- RTI

Welcome new sixth graders! I am looking forward to working with you again this coming year! As many of you know, I help support students in and out of the classroom with reading and writing skills. Some of you will be seeing me in ELA with Miss Keesler. When I am not teaching, I enjoy reading, going to the beach, camping, and spending time with my Chocolate Lab, Bailey. I am also working on finishing my Master's Degree in Educational Technology! Have a fantastic summer and I can't wait to see you in September!
