Re: **Cooperative Purchasing award results for:**

### **Athletic Equipment and Supply Bid #2019-105**

On April 8, 2018, the DCMO BOCES District Superintendent reviewed the bid award recommendations, and approved and the bids.

The attached “Successful Bids” sheets are the results of the award of the bids. These sheets list each item that was on the bid and references the awarded bidder, bid price, vendor product number. Any alternate information is found within the actual item description. This means that if an alternate brand was accepted and awarded, the alternate brand has become the item’s description for this bid cycle. If you need additional information on an item, in most cases, the item can be found on the awarded vendor’s website by using the vendor product number to conduct a search for that item number within the vendor’s online catalog.

The bidder **MUST** provide the item to the brand and model listed within the item’s Description. Please let me know if any item is received that does not match the brands listed on the award sheets.

Also attached is the “Awarded Vendor Summary” sheet. This sheet will provide you with pertinent information regarding the address, phone number, website and contact person for each awarded vendor, along with a discount being offered for additional items which were not listed on the bid.

**Please make sure that the appropriate bid number appears on each purchase order sent to the awarded, corresponding vendor, Along with any reference numbers.**

Districts that participated in the Bids will be sent the “Purchase Order Attachments” for the items requisitioned. These sheets will be sent as a PDF file. The PO Attachments show the items that are to be purchased from each awarded bidder, by Requisitioner. These sheets may become an attachment to a purchase order, making separate typing unnecessary. District’s that utilize the WinCap exports will be sent the export sheets shortly.

Any District in the service may take advantage of this bid, even if the District did not participate in the initial bids.

**Please note:** Purchase Order Attachments with “No bids Received” at the top are a notification that those items were not bid upon and therefore must be purchased outside bid award. Since these items were not available from the bidders; it is possible that the item is obsolete and no longer available. It is suggested that you use the discounts provided on the Awarded Vendor Summary sheet for any items that were not listed within the bid awards

### **Vendor Product Number**

Each awarded item should show the vendor’s product number in the “Vendor Item #” area on the bid award PDF or excel sheet. If you go to the vendor’s website you should be able to view the item by placing the vendor’s product number in the search engine.

### **Alternate Items**

Any item awarded with an alternate pack size has had the original pack size in the specification changed to reflect the award.

Please also note, that these changes in pack size may be reflected on your PO Attachments. For example, if you ordered 12 of an item and the awarded unit of measure is by the dozen, then your PO Attachment will reflect an order for 1, since 1 now equals a dozen.

Remember, that the listed within the description of the award is the product brand that must be provided by the awarded vendor, any deviation of brands is not allowed. Please call us if this happens.

### **Uniforms**

We have secured pricing for screen printing & embroidery fees for uniforms; this can be used in conjunction with uniforms that have a bid price or to use with the manufacture or catalog discounts provided. **Unless specifically indicated that a logo/ or customization is included within the description, any customization will be a separate charge.**

If you should have any questions or concerns, please do not hesitate to call me at 607- 335-1238 or email me at [coreym@dcmoboces.com](mailto:coreym@dcmoboces.com).

Thank you.
