# The Echo

Bainbridge Central School

Senior Year Book

1959

Bainbridge, New York

*Echoes From*

*the Valley*

The class of '59 is proud to present to you, the Echo. This year the Echo will be in the form of a Diary---your Diary. It will be a recording of work we've shared, fun we've enjoyed, and memories never to be forgotten. This Diary is for you as well as for us. In read-

ing it may you remember the joy you've shared with the Class of '59, as well as with your own classmates. It is our sincere wish that this '59 Echo will serve you as a diary in the years to come---as a wonderful remembrance of your high school days.

## *Color Sings the Praises of Our Countryside*

Nestled in a small river valley, surrounded on all sides by green, wooded hills lies the town of Bainbridge. This is our town; the town wherein the cherished memories of

our youth will always live with us. Our golden days are reflected in the cool depths of this sparkling valley stream.

## *Affectionately Yours*

We the Class of '59 wish to dedicate this Echo to you, our parents. It seems fitting that this book of memories should honor the most important people in our lives. You have guided us faithfully from those awesome kindergarten days through high school. Now that we have reached our goal, we know that we never could have made it without your help. And so to you, we say "thank you," for all you have done for us.

*The Class of 1959*

Elementary Supervisor  
WILLIAM A. NICKERSON

The years you have spent in school have helped you lay a firm foundation for life as an adult. Build upon these experiences so that you may enjoy a happy prosperous life.

## *The Price of Leadership*

Voting on the Budget

We, the members of the school board, hope that each of you will be able to go to some higher education. But whether you go on or not, put the very best you have into the work of your choice.

May you have many of the pleasures and good things of this country of ours.

BOARD OF EDUCATION

OTTO F. NEIDLINGER

TO THE CLASS OF 1959:

Time has now lighted another candle for each of you. Time tenders it, bidding you to do with it what you will.

No one man's candle burns more brightly than another's. Some are satisfied to let theirs flutter in the shadows at their feet. Others throw theirs to the heights in a brief, glaring spectacle. And still others, through labor and faith, hold theirs high, and pass among their fellow men so that all may be inspired.

This light of life is too precious to waste, too precious for aught but to illumine a path of service and accomplishment. This, to you, members of the Class of 1959, is your challenge. May you serve humanity well!

Edward R. Andrews

Supervising Principal

## *Is Responsibility*

These people have led us along our educational journey with affection and understanding. In our final year, we have come to appreciate what they have done for us more than ever.

I wish to extend my congratulations to your first teachers and counselors, your parents for a job well done, and to the class of 1959 for recognizing their continuous efforts, patience, and guidance throughout these years.

## *Always on Call — Our Nurse*

What would the school do without our nurse who listens so sympathetically to our troubles and woes? She is always around to give aid in every emergency and to make you feel just a little bit better. The students will always remember the cheerful smile and the ready aid of our school nurse.

## *Come and Get It — the Cafeteria's Open!*

The interval between our morning and afternoon classes is spent in the cheerful and well-decorated surroundings of our cafeteria. The delicious meals along with the cheerful smiles of the cafeteria help contribute to making our noon hour so enjoyable.

## *Bus Drivers — and Away We Go!*

Each day, whether just starting or ending, we depend on our bus drivers' safe, reliable, and courteous driving to get us to school and home on time. Whether the weather be stormy or balmy, they always manage for us to arrive at our destination.

Besides just the regular routes, many times the bus drivers give up their own time to drive a busload of students to another school for an exchange assembly, or for interscholastic games.

## *Service Round the Clock — Our Maintenance Crew*

Although the cleanliness and neatness of our school is taken for granted by most of the students, there are many people who work long hours to maintain and beautify our campus. We will forever be grateful to these people for keeping our school in a condition of which we can be proud.

## *With Longing Looks Backward . . .*

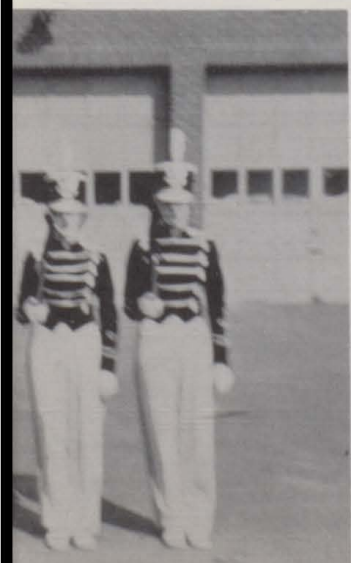

Throughout our high school years our parents have heard, "There is a rehearsal tonight, (or basketball practice, or a meeting), so I'll be home late." After our late return, they quite often hear, "I have to go down to school tonight. Can you take me and come and get me, or should I take the car?"

So far it sounds like students never do any studying, but into the wee small hours of the morning the lights are kept burning. Again our parents have to pay the tab---tired, un-co-operative children and electricity bills.

The following pictures in our yearbook depict the extracurricular activities that our parents had such a large part in, as well as the classes and studies that were so much a part of our high school years.

## *A Senior Speaks*

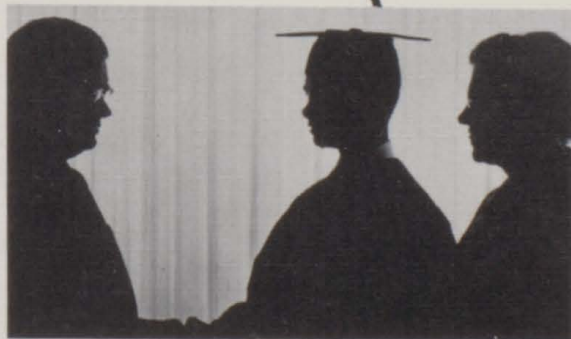

The role that our parents have played in our education was not just for a premier performance soon to be forgotten. It has been a part that began the day that we were born.

The teachers of our school days can mold only part of our characters. The type of students that we have been and the type of students that we are is determined at home by our parents.

We are motivated to study at home with the promise of a

successful future. In this way our parents are looking ahead, with us, and preparing us for what follows after our high school days.

More often than not, we take all of this advice and encouragement, from our parents, for granted. Now, as we have successfully reached the first rung of the ladder, with their help, we wish to take this opportunity to give our thanks where it is most certainly due.

Waving banners--fiery speeches--anxious aspirants to the council officers murmuring their speeches as they tack up their final campaign posters. This typifies the last days before the Student Council elections.

The Seniors for the office of president were Sylvia Bortner and Bruce Dartt. Their campaigns were maneuvered by Ronald Decker and Gordon Dolph. Paul Hager and David Daly were competing for the position of vice president under the able direction of Philip Schroth and Myers King.

After the student body had listened to the campaign speeches and voted according to their choice--the results were announced--Bruce Dartt--and David Daly for 1959.

## *Student Government Takes the Lead*

Once again, under the guidance of Bruce Dartt, our president, the Student Council has faced successfully another challenging year.

A new program has been installed. The Council has undertaken as its biggest function, the task of regulating student activities such as initiation, etc. It acts as a service organization by volunteering its services in organizing such groups as the usher's club, leadership in class, and assembly programs. Besides sponsoring the pictures of the service organizations in the yearbook, it also sponsors honor society awards, honor pins and activity awards. One of the other many projects that the Council undertakes throughout the year is that of supervising the collection of clothes in the classes for the Children's Federation Clothing Drive.

The Council members would like to express their thanks to Mr. Best and Mrs. Crane for their advice and helpfulness during this year, and to the student body for their understanding and cooperation.

## *Senior High Press Club Gives Us the News*

Eleanor Craig selling a "hot" Blue and White to Bruce Dartt.

This year under the editorship of Bunny Gliha, the Press Club is striving to put out a "bigger and better" Blue and White. The reporters in Press Club collect news of the doings of classes, clubs, students, etc., write it up, and turn it in to be featured in the monthly issue of the paper. The Senior High Blue and White is not the only task taken on by Press Club. The Town Blue and White, headed by Assistant Editor, Doreen Day, is the section in the Bainbridge News which features the news of the Grade Classes. A special staff of reporters collect and prepare this news. In future years, the Press Club hopes to become even more professional in the "newspaper business."

The purpose of Library Club is to establish a better understanding of the library to the students.

## *Projection Club Grows in Importance*

The purpose of our projection club is to show films and gather information for teachers. Mr. Huggins, the sponsor of our club, started out a few years ago with just one old projector. Now we have two new projectors as well as two slide projectors and a large speaker.

The members of the club set up and run films. They teach the teachers how to run films and have a great time doing it. The members clean and service the projectors. Sometimes they even try to repair the equipment. We might add here for a bit of humor, and hope not to offend Mr. Huggins, that the last projector he fixed still does not work correctly!!!

## *Traffic Squad and Fire Squad Become One*

Under the capable direction of Mr. Braccio, Juniors and Seniors have been selected as hall monitors to keep the students in proper conduct. The chosen members try to set an example for the other students in addition to enforcing the rules set by the traffic squad constitution.

Although they have no set posts, Captain Ronnie Decker and Co-Captain Doug Wilcox direct the other monitors in their positions. Thus the orderly reputation of our school is maintained.

## *Oratory Wins Ovations*

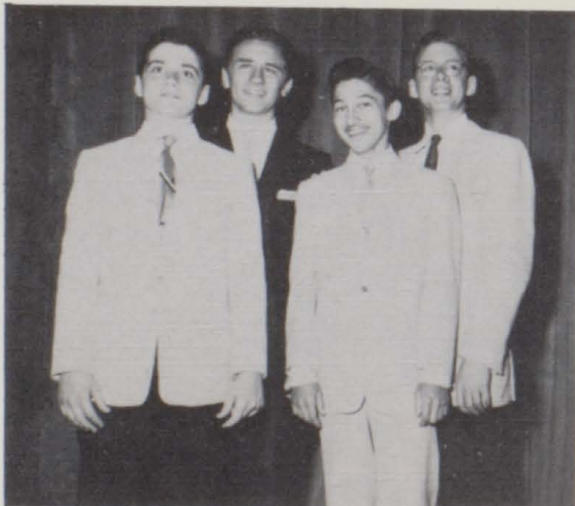

The Annual Public Speaking Contest was held in the school auditorium April 18, at 7:30 P. M. The Speech Director was Mrs. Rose Marie Doyle. There were four contestants in the Dramatic division: Diane Rich recited "Eleanor," Minnie Lawrence gave "Submerged," Peter Ogren presented "Death of a Salesman," Terry Lee Davis gave "Dark Victory."

Only three tried their luck in the Humorous division. Those entered were Nancy Crawford with "The Tooth, the Whole Tooth and Nothing but the Tooth," Nancy Schroth presented "A Society Editor Announces a Football Game," and Steve Kinney giving "The Romance of Digestion."

At last came the Oratorical division with six contestants. First, Kenneth Ogren recited "The Unknown Soldier," Jean Crawford then gave "Why?," next, Dolores Neidlinger presented "The Big Parade," following that, Toni Hulbert said "Peace in the World," then Myers King gave "We, the People," and last Ramona Pratt said "Give Us to See."

After the final curtain the judges had the difficult task of making a decision as the thirteen nervous contestants lined up behind the curtains. Winning the Dramatics presentation was Diane Rich, Nancy Schroth won first in Humorous, and in the Oratorical division Dolores Neidlinger received first for the second time in a row. For the first time this year, second prizes were given. Peter Ogren, Steve Kinney, and Jean Crawford placed second in their respective classes.

After the climax of the contest, everyone relaxed for another year.

OUR FOURTH GRADE MUSICIANS  
The Tonettes

JUNIOR BAND  
Talented and  
Industrious

SENIOR BAND

## *And the Band Plays on!*

### ABOUT THE TONETTES:

In fourth grade, the children are introduced to instrumental music. They all are given tonettes and they practice them for a year. Those who show aptitude are given lessons in the fifth grade. After a year's work, if they do well, they are put into Junior Band. From here, if they do well, they are put into Senior Band. Everyone gets a chance when it is possible. Through Junior and Senior Band, lessons are continued.

### JUNIOR BAND:

The Junior Band is playing more difficult music this year than ever before. For the first time, they are having the same number of concerts as Senior Band. This is a great improvement because before they have had only one concert per year.

### SENIOR BAND

The Senior Band marched away with many honors last summer. At Sidney they took 1st place, Binghamton 3rd place, New Berlin 2nd place and Norwich 2nd place. For the first time we marched at the State Fair. The competition was tough but our band fared well. We had 94 points as a total and the band that placed 3rd had 94+. Out of 50 possible credits for music, we had 49.31, and out of 50 possible credits for marching, we had 44.7. This year, we too, are definitely playing more difficult music. From classical to popular, we play them all.

Chorus at practice

In the Junior Chorus the students from the seventh and eighth grades discover how to work effectively for, and with, others in a singing group. The Junior Chorus is a stepping stone from knowledge and skills developed in elementary school to the four part singing in Senior Chorus.

## *With Voices Blending —*

Junior Chorus

## *Relax and Sing With Chorus*

Always tripping up and down and all around the musical scale--that's our B. C. H. S. Senior Chorus--of approximately seventy-five members. We are having a good time singing the old songs and becoming acquainted with the new, as well as our new chorus director, Mrs. Shawler, and pianist, Joan Straka. Plans are being made for a Christmas concert with the orchestra. Several other musical endeavors are also in the planning stage.

Chorus Award Pins were presented to Kay Russell and Jim Millus in June. These pins are given after three years of chorus work.

Miss Hewitt giving special instruction to John Hayes and Sharon Donahe.

In fifth grade, students can start lessons on the instruments of the orchestra--violin, viola, cello, and string bass. In the sixth grade, if they show ability and interest, they can start in the Junior Orchestra. Lessons are continued all through high school. In the ninth grade, those with the ability, can start in the Senior Orchestra.

## *Our Talented Young "Strings"*

JUNIOR ORCHESTRA

## *Sweet Music When Our Orchestra Entertains*

As the dictionary defines it: The orchestra is a group of players on various instruments which are divided into 4 groups: strings, woodwinds, brass, and percussion; the strings being the backbone of this group.

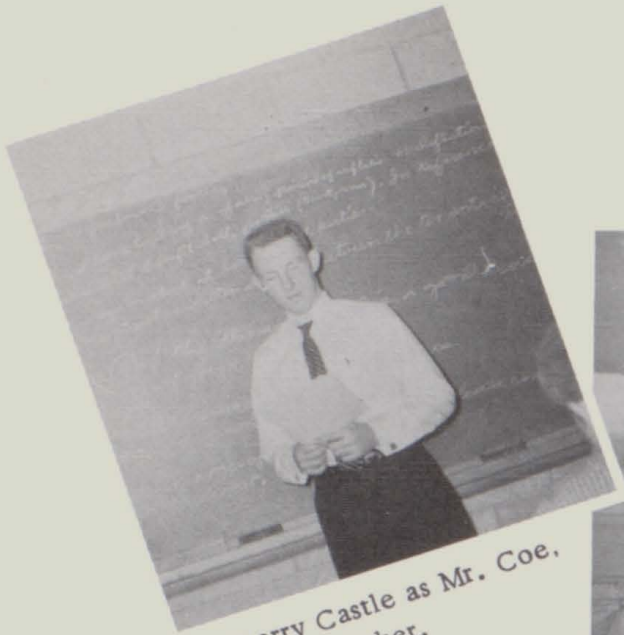

Needless to say, before we can begin building an orchestra, we must build a strong backbone. Because the string instrument is the most difficult to learn, those students selected to study a string should be only those with the most musical ability.

Students interested in playing a string instrument can start in the fifth grade. They may choose violin, viola, cello, or string bass. If the student shows interest, ability, and progress, he may continue his lessons straight through high school, at no cost to him.

The Senior Orchestra is composed of those students who have developed musicianship, technique, the ability to play in tune, the ability to read music well, and the ability to make themselves a dependable part of a well-working unit.

The orchestra is under the direction of Miss Judith Hewitt. She and the students of senior orchestra have worked hard to make the group excel in quality thus making up for what they lack in quantity.

This is the first time that three string players from the senior orchestra have participated in NYSSMA's section All-State.

## *Juniors and Seniors Teach School*

A good time was had by both Juniors and Seniors who acted as teachers, as well as the students who attended the classes. Also the teachers probably enjoyed it, because for one day of the year they could sit back and leave the responsibilities of teaching to the student teachers.

The purpose of Student Teacher Day is to give the students the opportunity to decide whether or not they would like to go into the teaching profession.

Student teachers are Juniors or Seniors who maintain a satisfactory average and are qualified to teach a given subject.

Those participating were Dewitt Niles, President of Student Council - Mr. Andrews; Sheryl Hulbert, Vice President of Student Council - Mr. Nickerson; Eric Dean - Mr. Vicory; Roberta Black - Mr. Crandall; Ann Lewis - Mr. Senio; Kathleen Purdy - Mrs. Crane; Linda Wade - Mrs. Winger; Bunny Gliha - Mrs. Doyle; Minnie Lawrence - Mrs. Hager; Eleanor Craig - Mrs. Kinney; Joan Straka - Mrs. Southern; Sylvia Bortner - Miss Hocheimer; Sharon Pollard - Miss Baker; Thomas Tuttle - Coach Jonew; Larry Castle - Mr. Coe; Carl Feyerabend - Mr. Morse; Bruce Dartt - Mr. Best; Mary Lewis - Mrs. Cheesbro; Doris Alcott - Mrs. Niles; Sonja Striegler - Mrs. Black; Doris Archer, Nancy Wilcox, Esther Davis, Shirley Calleia, Laurani Moore, Ramona Pratt, and Arda Jane Harmon, substituted for the cafeteria personnel.

## *At Work and Play — We Spend a Happy Day*

Well, here we are, taking the first big step in our school careers. We knew this would be a change from Kindergarten (no more lounging around all day), which made us all the more excited.

As the year progressed, we learned many new things. In Arithmetic, one of the things we developed was the skill of counting by ones to 200, while in reading and language we learned to write our names (which came in handy) and read funny little stories. Science appealed to most of us and what fun we had collecting bugs and other nature objects for inspection. I'm sure we all remember the study of the Eskimos in Citizen Education. Brrr, were we ever glad we lived in New York State. Health, safety, art and music were also given us. These all helped to make our day quite complete.

Even though most of us looked forward eagerly to the day when our 12 years would be behind us, I'm sure we all have fond memories of our class working and playing together throughout the years.

## *Tales, Talk and Tomboys*

The interests of the second grade centers around group importance. We begin to think of others rather than just ourselves. The boys like to play baseball and other games while the girls love to play house with their dolls. The books we like most are about animals and make-believe characters. We have music, art and gym which is always fun. We are learning more advanced things in our studies. We have now more school spirit and have taken a more active part in school affairs.

## *An Adventurous and Exploring Age*

Third grade was an exciting year for us. We changed from printing to writing, and we started multiplication and learned how to borrow and carry numbers. In History we learned about man's three basic needs - food, clothing, and shelter - transportation, and all about the legal holidays. In English we learned how to write a good paragraph, and how to read and follow the directions in our books. We also have started the fundamentals of discussion.

## *Indians and Pioneers! — an Exciting, Busy Year*

Our year in fourth grade was a major step in our lives, both in school work and play. We learned to do more complex work as we began to realize that there was more in the world than that which we could see and feel. We learned to work independently as well as to co-operate more with groups. Reading stories brought new meanings now. Instead of just words, we found that stories tried to tell us interesting things. In Math we began to work with two step problems. In Science we suddenly found that there was an outer space and it astonished us to think that there was any one single thing that large. In Social Studies we read about pioneers and learned about the role they played in the founding of our country. By the time we were ready to go into the fifth grade, we could work and play together well.

## *Growing Up Time — Enjoying Sports, Studies, and Social Life*

We fifth graders are ten and eleven years old. We enjoy active games such as football and bombardier, but we are beginning to settle down and take our studies more seriously - in one way by learning to look up material for ourselves. In Social Studies, we study the United States and its possessions. In Arithmetic, we learn about fractions and how to divide by two number. In one class, we have an Accuracy chart featuring boats that sail West. Science fascinates us and some of us would like it all day long. We have a unit on weather, but most of our study concerns plants and animals. We love adventure stories, and we enjoy writing plays and acting them out.

## *Responsibility Grows, as We Prepare for Junior High*

We were about twelve when we were in the sixth grade. The subjects we studied were more complex in order to prepare us for the seventh grade. In Math we started to work with decimals and fractions. Our History studies were about the Old World. In English we furthered our ability in reading and writing. In our sixth year we started in also with General Science. During our sixth grade year, the Safety Patrol was first organized. The girls of our class started to take Kindergarten pupils home. Each of these helped us to develop ourselves in getting along with others. We are sure that sixth grade prepared us quite adequately for Junior High.

## *A Big Step — We're on Our Way!*

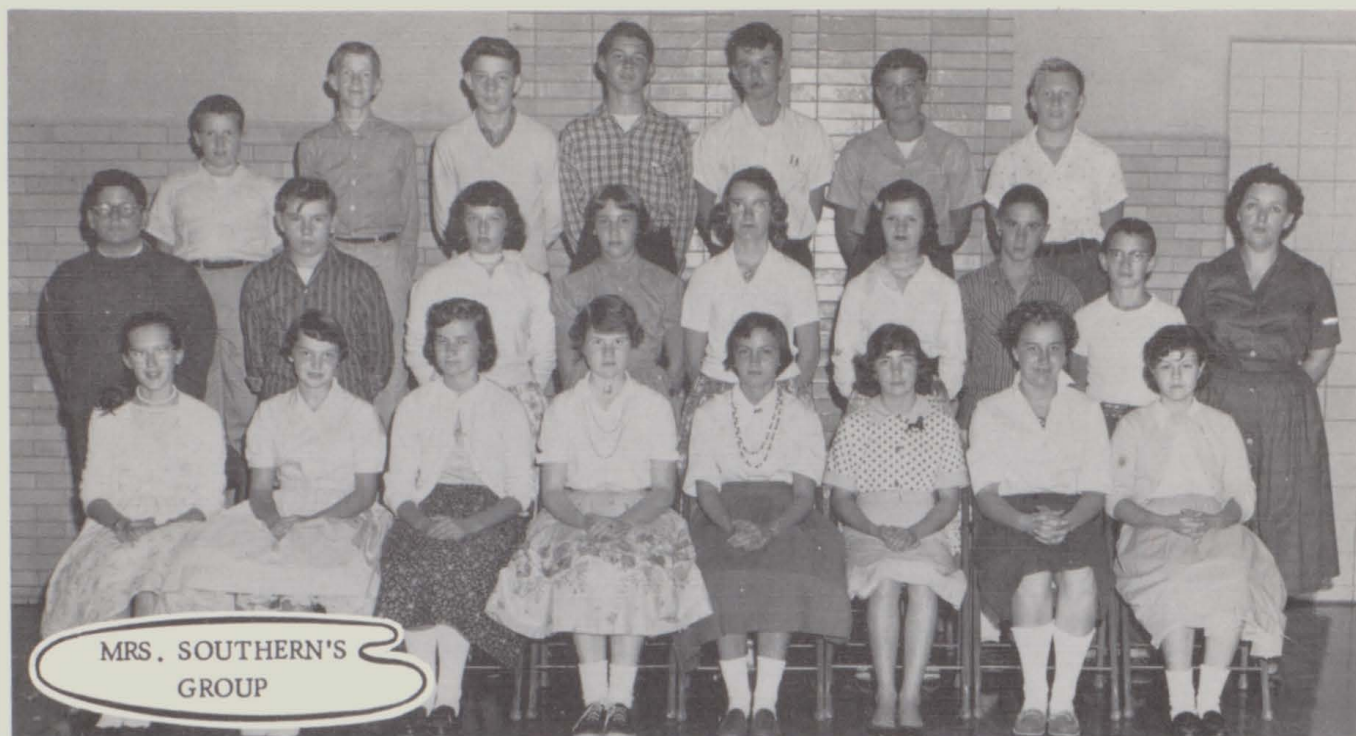

Finally we got to seventh grade, the first year of Junior High School. We changed classes for the first time and don't think we weren't confused the first day. This was the year that we learned all about our own state, New York. We had a "taste" of some new subjects such as homemaking and industrial arts. We had art and music classes in which we learned more about these skills. It was a wonderful year, our first in Junior High. Socially and educationally we feel more a part of school life.

## *Diploma Time — as We Reach the End of Junior High Days*

All of us in the eighth grade look forward to June, not only because it is the last month of school but also because we will then graduate from the Junior High. Then we will finally begin our Freshman year, our first as a student in Senior High School. Our two years in Junior High have provided us with a good background for our studies in Senior High School. This has been a wonderful year and we're looking forward to four more, just as wonderful, years.

## *Junior High Guidance*

We had a new section added to the school this year, Junior High Guidance. Mr. Charles Albert, the Junior High Guidance Director, conducted many informative group guidance sessions for both the seventh and eighth grades. Through his efforts he has gained greater parent-teacher-student relationship.

## *Award Night Brings Just Rewards*

Junior High Art Class

Passing of classes

In order to create and keep interest in mathematics, Mrs. Cheesbro organized the Junior Math Club. Last year was its first year and there were only nine members, for to join the club the student had to have an average of 90% in mathematics. This year if a student maintains an average of 88% throughout the seventh grade he may join the club and will be a member during the eighth and ninth grades.

## *Junior High Press Club*

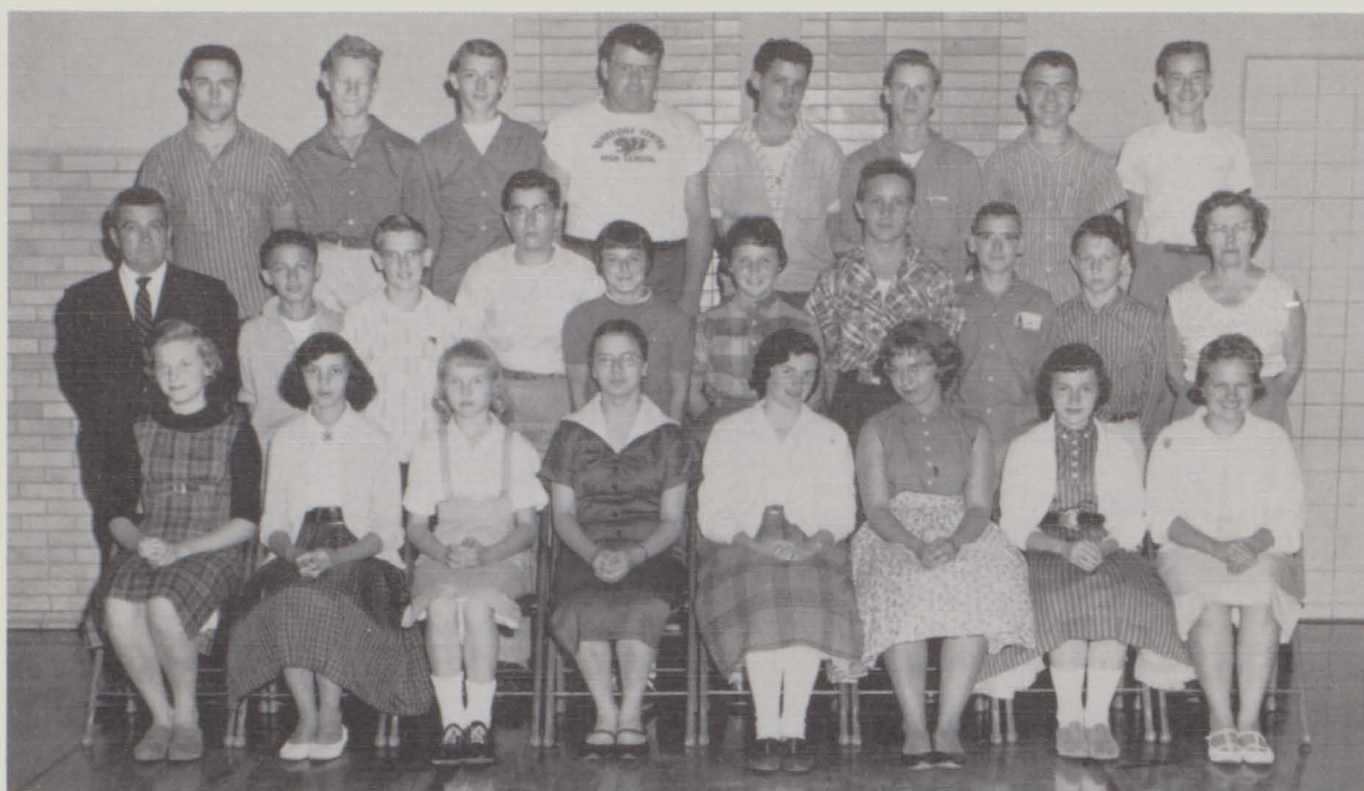

The Junior High Press Club puts out the Junior High Section of the Blue and White. They have their own editor, Philip Arpin, and their own sponsor, Mr. James Palmer. This gives the members a good background for the Senior High Press Club and future work in journalism.

## *Junior High Sports Gain in Strength*

We are all proud of our boys in Junior High sports who have made quite a good reputation for themselves. The football team, basketball team, and the wrestling team have all had good seasons, and promise many successful years of Senior High sports.

## *Enthusiasm and an Abundance of Energy Typifies the Freshman*

The Freshman Class has 53 members. At our first meeting on September 12, 1958, we elected the officers of our class: Jim Rosa, President; Ted Lord, Vice President; Karen Shawler, Secretary; Yvonne Axtell, Treasurer. Our Student Council representatives are Donna Hotaling, Gerald Niles and Steve DeClue. In the coming year we are going to take on a skating party, have a dance, and perhaps other activities not yet planned. The skating party is on January 22. The dance is on February 14, Valentine's Day, so we planned to have a Valentine's Party. We also hope to have an orchestra but Student Council has to okay it first. We are all paying our dues faithfully every week in anticipation of a wonderful Senior Trip in '62. Our initiation went off as scheduled on October 16. We all thought it was lots of fun, but we were glad when the day was over.

## *The Sophomores Contribute to School Life With Pep and Versatility*

After many years of school, we now have reached the beginning of our most wonderful years. These, being spent in Senior High School.

We opened our tenth year by electing class officers; they are: President, Mike De Matteo; Vice President, Irene Shea; Secretary, Barbara Hubbard; Treasurer, Ina Dalrymple.

Since, this year, we have undertaken a new and better means of earning money toward our Senior Trip, we are no longer burdened with the task of earning money, and may spend more time with our school studies.

This, however, does not mean that we have curtailed such activities as our dances, and other enjoyable activities. The class has already sponsored the annual "Football Hop," and has future plans for a skating party at the school.

We are pleased to have Mrs. Hager, Mrs. Winger, Miss Smith, and Mr. Fisher as our class advisors. We shall work together, with their aid, helping to make this year better than the ones before.

## *With "Goal to Go" — We Present the Mighty Juniors*

To almost every person, our Senior year is the year which we all look forward to and aim for. But, to many of us our Junior year is just as important and much more impressing.

To start the year off with a bang we have a new slate of officers. They are; President, Paul Hager; Vice President, Gwen Stanton; Secretary, Linda White; and Treasurer, Dolores Neidlinger.

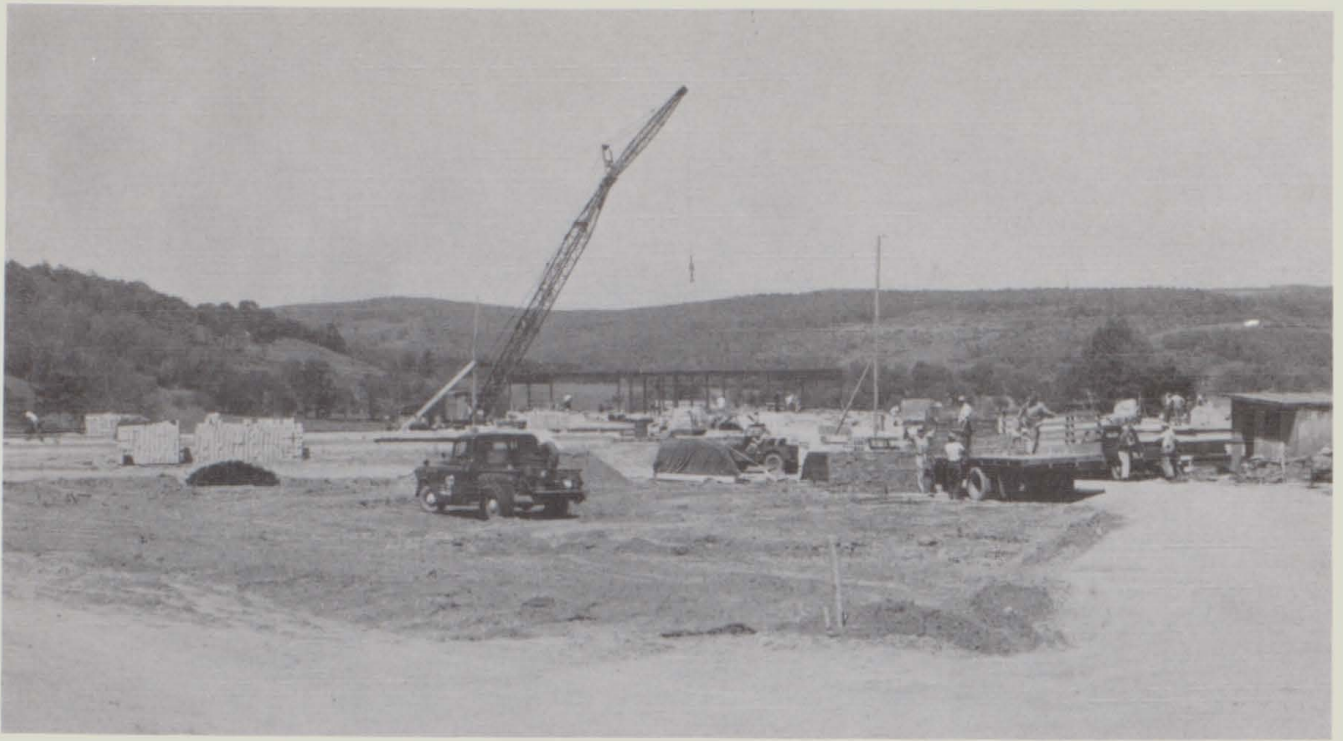

Of course all of the Juniors say "Thank you" to our class advisors, Mr. Senio, Mrs. Crane, Mrs. Shawler, and Mr. Huggins, all of whom have definitely helped and worked patiently with our class and class officers.

Our first project of the year was Freshman Initiation. We don't think the Freshmen will forget it right away and are sure that everyone will agree that the Freshmen can now be accepted into high school.

The Juniors, like all other classes, are sponsoring a skating party this year. We are also planning a rummage sale in March to sell our remaining sweatshirts, banners, and laminating cards.

The most outstanding event and important project of the year is the annual Junior Prom which is being held in May.

This concludes our events of the year so until you see us again in "our" Echo as Seniors, we say "so long"!

Fall, 1958 - saw our new elementary school in its early stages. Note the view the school children will have of our beautiful Bainbridge hills.

## *We Point With Pride to Our*

Leif Tendon, Superintendent of Halloway Associates; Carl Hutchinson, Clerk of the Works; and William Nickerson, Elementary Superior, going over plans of the day in front of the new school.

Grades three, four, five, and six are eagerly awaiting the first of February. It is at this time that we expect to move into the new elementary school on Pruyne Hill.

The first and most important reason for the building of the elementary school was insufficient room in the high school. Two second grades and two third grades held classes in the Presbyterian and Episcopal Churches because there was no room in the high school for them.

The reason for building the school up on Pruyne Hill, instead of putting another addition on the high school, was because there was no more available land okayed by the state.

Mr. Nickerson, Elementary Supervisor, will have his office and staff up on the hill. Miss Pagett, the school nurse, will commute between the two schools.

The new school will provide big rooms for each grade, plus all that are necessary such as music rooms, art rooms, and a combined cafeteria and gymnasium.

At the end of the day the school buses will pick up the elementary students, then come down to the high school for those students.

The new elementary school has an ideal location on top of the hill overlooking Bainbridge. The contractors, Holloway Associates and Carl Hutchinson, are to be praised for the superb job on the new school.

We are proud that our community is interested enough in the education of its young people to supply them with this fine school.

## *Sports, Spectators — and School Spirit*

As we look back through the pages of our diary, we recall the many hours of enjoyment provided for us by sports.

Bainbridge can be proud of the following that their teams have always had whether they were winners or losers.

It is a special thrill for the spectators, as well as those participating, to come from behind and go on to victory, but it is a greater achievement to handle the outcome with good sportsmanship.

The players must learn to take criticism, with a smile, the spectators, to be courteous through defeat or victory.

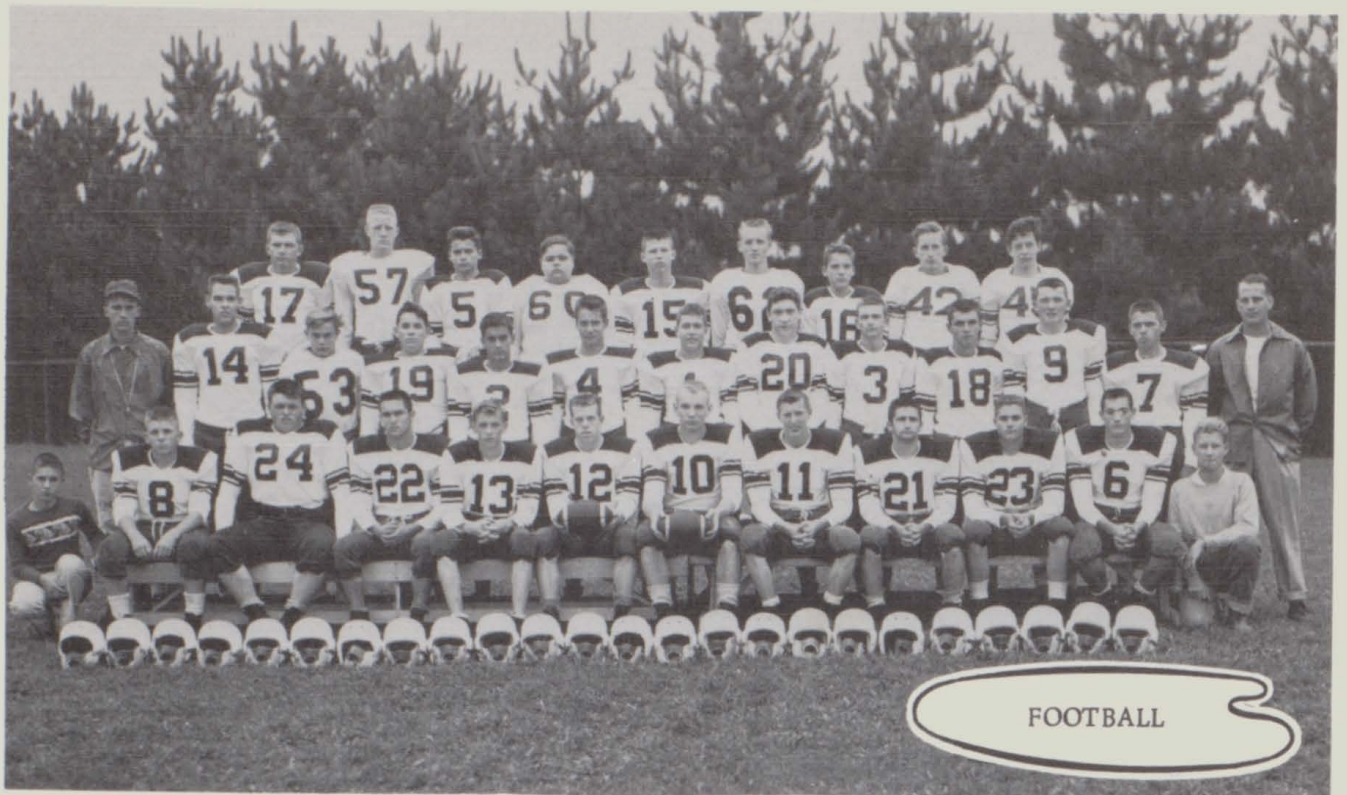

All in all, we will always remember the good times and speak fondly of those exciting hours spent at the matches and games.

There we have learned some of the finest lessons in building good character - and win-lose-or draw - we'll always remember the Bainbridge chant "Are you set? - You bet!"

Lack of experience plagued the Bobcat football team this year.

Although our boys fought until the point of exhaustion, our team, consisting mostly of Freshmen and Sophomores, with an occasional Junior and three Seniors, was handed the seasonal record of seven losses and no wins. They had 216 points scored against them while they scored 26 points. It is our opinion that with this year's hard earned experience, our boys are sure to turn in a more impressive record next year.

## *With Little Glory — but Lots of Fortitude, Much Credit Goes to the Wrestlers*

"Nice match," is often the compliment the spectators pay the Bobcat matmen. The wrestlers may not win many matches but this is not because they don't really work, the boys give it their all but they lack wrestlers in several of the vital weights. The schools in this area respect the Bobcat matmen as a good little team and envy their displays of sportsmanship. If you want a winning wrestling team it is up to you to make it so, go out for the team and let the other schools envy your display of sportsmanship and respect your team record.

## Soccer

On Saturday, Oct. 18, our girls' soccer team journeyed to the play-day at Chenango Forks. However, through a misunderstanding, it turned out that the play-day was only for 7th and 8th graders and our high school girls were disqualified. Bainbridge played anyway, even though the team got no credit for winning all the games.

## *Basketball — Bainbridge's Top Sport, Hopes for Another Title This Year*

"Will the Bobcats attain fame," ask the students of B.C.H.S. as they watch the varsity Basketball team devour the unfortunate teams in our league. We cannot say; but the outlook is good, for our boys have obtained a 3-1 record so far this year defeating Sidney, Afton, and Oxford and losing only to Deposit. We will predict that the Bobcats will rank high in the league if they don't capture the championship.

## *Jay Vees Provide Thrills and Skill as They Threaten Varsity's Record*

Do you like classy basketball, evidently our J.V.'s do. They have turned in a 2-2 record so far this season, losing to Sidney and Oxford and defeating Afton and Deposit. It has been said that with more experience and age, these boys will make a topnotch varsity team. If they continue to improve in the future as much as they have in the past, this can't help but be so. We will find out in the near future for chances are our '59-'60 varsity will be composed of our '58-'59 Junior Varsity.

## Second Place Winners

Pop it in the basket - score, score, score. That's what we did in Girls' basketball with Vicki Johnson and Sharon Pollard as high scorers for the year.

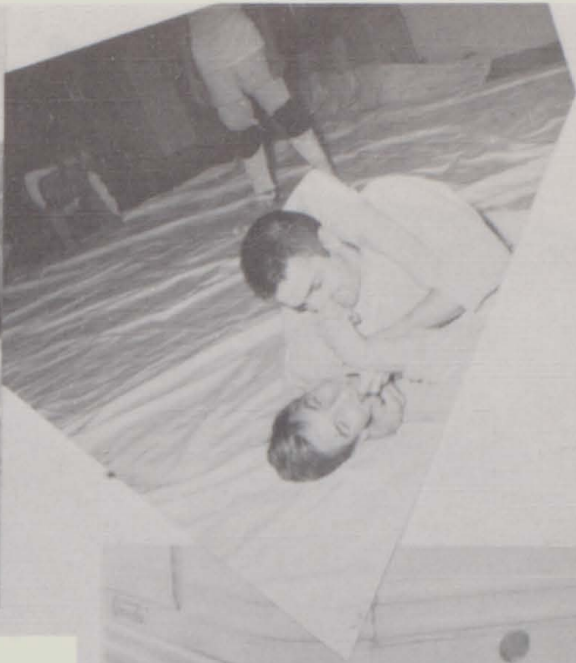

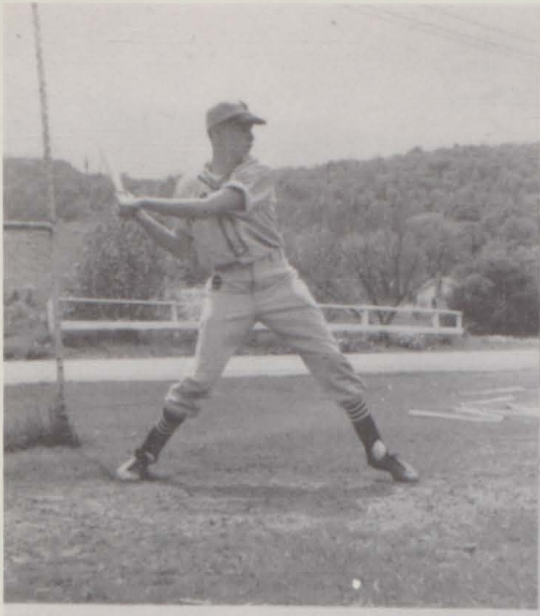

Our team went through an exceptionally good season. The "A" team has a record of 7 wins to 1 loss. Likewise the "B" team had a record of 4 wins to 2 losses.

With great hopes we looked forward to the play-day and finally it arrived. The "A" team lost its first and only game for the season after playing Hancock. This loss cost us the top spot in the play-day. However, we came in second best. The "B" team also came in second place. The all-stars were Sharon Pollard from the "A" team and Doris Archer from the "B" team.

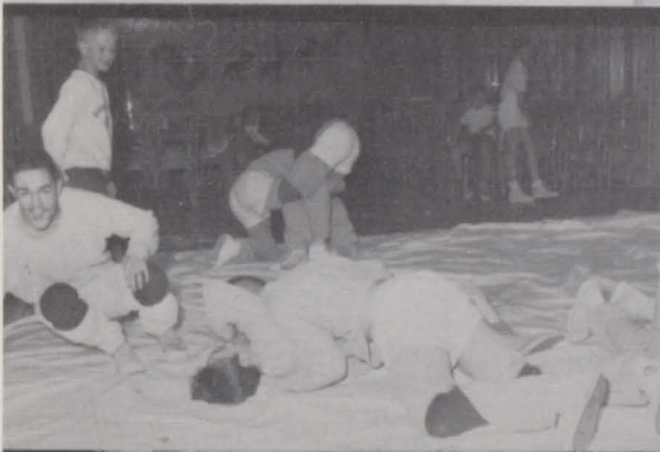

## Badminton

The sports enthusiasts were pleased to find out that for the first time Badminton would be introduced into our intramural program. A series of tournaments were held during April and May. There were eliminations every week until it was narrowed down to two remaining couples - Joan Lord, Bonnie Davidson and Virginia Bickford, Minnie Lawrence. Due to an injury to Virginia Bickford, there was no play-off held, and the winners were announced to be Joan Lord and Bonnie Davidson.

## *Jay Vees — Proud League Champions*

The Junior Varsity was the baseball team for Bainbridge this year winning eleven of their twelve games losing only to Oxford after once having defeated Oxford's J. V. 's 14-3. The Junior Bobcats averaged 8.6 points per game to their opponents 4.6 points per game. With such an impressive record as this, we would say that Bainbridge will be the school to watch concerning baseball in the coming year.

## *Varsity Baseball Shows Promises for a Big Year in '59*

The Bobcats had a fairly successful year in baseball this year with a six to five record. League all-stars were Art Hager and Ben Nelson who played in the all-star game at Greene. Ben Nelson was also a Section IV all-star and played at Cooperstown. Gary Budine, Art Hager, Paul Hager, and Dave Daly will all be in the lineup for the 1959 season so the Bobcats should have a winning team this spring, with the Jayvees coming up to varsity.

*Faster! Faster — Faster —*

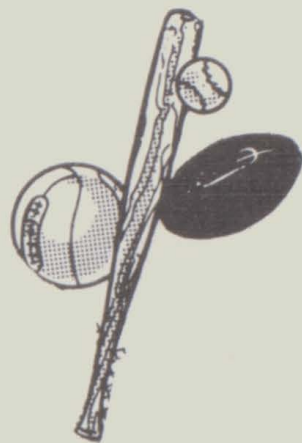

The Bobcats were fairly successful in track this year. The team won about half of their league meets this year. At Oneonta, E. Dean won the 220 and G. Dolph won the discus. They then went to Ithaca, but here they didn't place. At the Section IV meet at Vestal, our relay team consisting of B. Dartt, G. Dolph, E. Dean, and R. Lowe, won first prize. B. Lawrence placed second in the broad jump. The outlook for '59 is bright, for we are losing only B. Nelson, R. Lowe, E. Dean, and C. Leonard.

*Senior*

## *We Laughed as We Labored Together*

To us, dear diary, this is our most important year of school. It is the year in which a great many of us are making a very big decision for ourselves. That decision is: "What am I going to do with my high school education?" Some of us know that we want to go on to college, but for what and where? Others of us may want to go into some branch of the armed forces, but after that what will we do?

Along with the serious side of being a Senior there come the good times: working like "mad" to have the very best Echo yet, the Senior Play, the dances, roller skating parties, and of course, the Senior Trip.

It doesn't seem possible that thirteen years ago a lot of us were starting kindergarten, bright-eyed, shy, little "monsters" and now the same little "monsters" are a Senior class making important decisions and having a good time together at one of the crossroads of our lives.

## *Our Past in a Nutshell*

Flicking back through our diaries to memories of many hours spent together - learning to work and to laugh - shouldering responsibilities in the hope of becoming better citizens, the words "Freshman Initiation" catch our eyes and we remember how we suffered at the hands of the Juniors. But it was worth it, for then we were official members of the high school. A page reminds us of our Sophomore Football Hop, as we danced in honor of the football players. This was the year we ordered our class rings and we couldn't help feeling just a little bit more significant with our newly acquired rings on our fingers. One of the special moments of our High School days was our Junior Prom. The thrill of a new gown, a beau, and the enchanting music blended together to make the night a success. And so it goes, three years of growing up. The biggest moment of sharing awaits us - graduation - when we will stand together and receive our diplomas. There will end one chapter in our diary and a whole new life begins.

# Music, Masks and Merriment

Dear Diary,

Gee, what a magnificent evening! The old gym was really dressed up in streamers and balloons, and overflowing with joy and music for our annual Junior Prom, which boasted the theme of the Mardi Gras.

Stu Crandall and his orchestra provided fabulous dance music for the largest crowd in years.

At midnight, the stage was set with last year's king, Dewitt Niles, and queen, Eunice Mott, and this year's attendants, Bonnie Davidson, Mary Lewis, Sheryl Hulbert, Bruce Dartt, Ben Nelson and Jimmy O'Neil, when the new queen, Doreen Day, and king, Gordon Dolph were crowned.

Although diaries aren't usually read, we hope this one is so that the committee heads, and their committees, our class advisors, and all others who helped to make our Prom a huge success, will know how much our class appreciated their efforts.

## *Properties, Prompters and Predicaments!*

"What A Life" presented by the class of '59 went on stage November 10 and 11. Mr. Senio, our History teacher, undertook the task of directing our play.

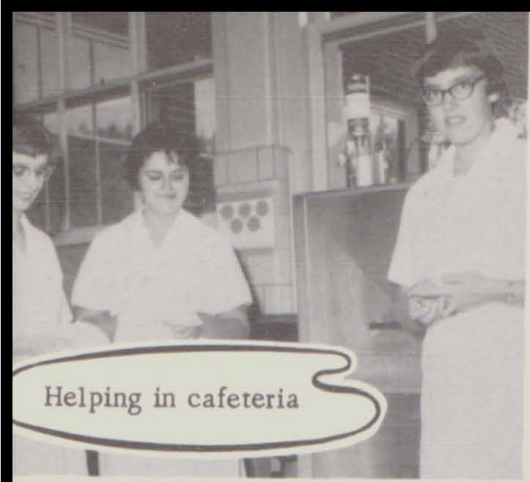

The setting was in a high school principal's office; the principal being Joyce Rosa. The plot revolves around a high school senior, Henry Aldrich, played by Kenny Ogren-- who has all sorts of problems. His girlfriend, Barbara Pearson, played by Mary Lewis, becomes rather discouraged with Henry's "antics" before the end of the play. George Bigelow, played by Doug Wilcox, is a typical rival to Henry.

Others of the teaching staff who become involved, either directly or indirectly, with Henry are Miss Shea, played by Sheryl Hulbert; Mr. Nelson, played by Bruce Dartt; Mr. Patterson, played by Gary Budine; Miss Eggleston, played by Doreen Day; Miss Wheeler, played by Joan Straka; Miss Pike, played by Bonnie Davidson; Miss Johnson, played by June Banks; and Mr. Ferguson, played by Nelson MacPherson.

There are several students running in and out of the principal's office. Three of the most important being, Crissy Howland, Jim O'Neil, and Jean Bowen.

Two "parents" who make the play complete are Sylvia Bortner, as Mrs. Aldrich, and David Laird as Mr. Vecchitto.

# Teacher Changes

Since our book took shape the summer of 1958, several changes have been made in the teaching staff. They are as follows: James Palmer, to Junior High Citizenship Education, in place of Mrs. Virginia Butler, who resigned this year because of ill health after 39 years of faithful and unselfish devotion to her students; Mrs. Ella Marie Southern to Junior High English, Mrs. Dorothy Shawler to Vocal Music.
