Tammy,

We love you very much. You have been a very special daughter and we know you're going to make us even more proud of you in the future.

All our love,  
Mom & Dad

### Friends

It's not often that someone like you comes along to make a difference in another person's life, as you have made in mine by just being what two people can best be to each other . . . friends.

I believe that our friendship has grown into something special because we never expected anything more of the other than friendship, and because we never gave anything less.

— Daniel Haughian

Live each day to the fullest  
Get the most from each hour, each day,  
and each age of your life  
Then you can look forward with  
confidence, and back without regrets.  
Be yourself — but be your best self.  
Dare to be different and to follow your  
own star . . . and don't be afraid to be happy  
Enjoy what is beautiful  
Love with all your heart and soul.  
Believe that those you love, love you.  
When you are faced with a decision,  
make that decision as wisely as possible —  
then forget it. The moment of absolute  
certainty never arrives.  
Above all, remember that God helps those who  
help themselves.  
Act as if everything depended upon you,  
and pray as if everything depended upon God.

— S. H. Payer

If I could reach up  
and hold a star  
for each time  
you've made me smile,  
an entire evening's sky  
would be in  
the palm of my hand.

— Rowland R. Hoskins, Jr.

Our new boiler after removing the asbestos and debris from last year's big blast.

## Phantom of the Opera

In April of last year, Mrs. Watkins and her A.P. class and a few members of her 11th grade English traveled to N.Y.C. to see the renowned play, "Phantom of the Opera." It was an excellent Broadway play with not only great acting and singing, but also excellent special effects. It is truly a show worth going to see.

Smile pretty Katie!

# Prom 1988

Look out Patrick S.

Ahh, What it is to be beautiful!

She's got that magic touch.

This year's prom was an array of color and fantasy. Getting it together was a lot of hard work that required everyone's help but in the end it was one of the most beautiful proms ever. The colors of emerald, diamond, and silver shone brightly around the noble floor making this "Castle of Love" something worth remembering for a very long time.

Belle of the Ball

Through all the good times and bad times, through all the laughter and the tears, the senior class of 1989 has stayed together and come out on top. Working together we've made many goals come within reach, and come to be a rather unique class. This song comes as a reminder of all the accomplishments, happiness, and love we shared through out our years at B-G.

We laughed until we had to cry  
We loved until down to our last goodbye.  
We were the best, I think we let it be  
Just you and me, For just a moment.  
We chased that dream we never found  
And sometimes we let one another down.  
But the love we made, made everything alright.  
We shone so bright, For just a moment.  
Times goes on, people touch and then they're gone.  
But you and I will never love again, like we did then.

Someday when we both reminisce  
We'll both say there wasn't too much we missed  
And through the years we'll smile when we recall  
We had it all, For just a moment.  
Time goes on, People touch and then they're gone  
But you and I will never really end  
We'll never love again, like we did then.  
We laughed until we had to cry,  
We loved right down to our last good-bye.

— "For Just a Moment" St. Elmo's Fire

### **B-G BLUES, Summer 1988**

This years summer band members had the opportunity to experience different cultures, the thrill of competition, and a tough line up of parades, fieldshows, and concerts. The Blues took first in Schenevus, Richfield Springs, Jeffersonville, and New Berlin, plus seconds in Old Forge, and Olean. The band went on 2 overnight trips this year, one to Bradford, Penn., the other to Canada. While in Canada the Blues performed 2 fieldshows and 3 concerts. They went to St. Catherines, Marineland, Ontario Place, Hamilton, and Canada's Wonderland. Congratulations on your fine season. Lots of Luck in the future.

Compliments for work on the 1989 Echo go out to a number of people; ones who worked on ads and sales and pictures and even lay-outs. It took some time for it all to be put together, but the final project is certainly something to be proud of. I enjoyed working on the yearbook for this year and realize the tremendous amount of work involved.

I take the time now to thank some of our greatest supporters. Many thanks go out Steph and Jeff, our tag team photogs. I also want to thank the best money manager anyone can have for any amount of money — Vickie. Traci, Erik O., Dan, Amy, the ex-Yearbook Advisor (thanks a whole bunch), Elena and Cathy, and even a few more . . . thanks for everything.

My special thanks naturally go out to Gretchen and Carin. Without their help and work, none of the yearbook would have been completed. The hard work and determination for all of this project goes to these two girls and I certainly congratulate them. Their hard work goes noticed here if no where else.

One special request would be directed to future generations of Yearbook staffers: do some work. The art of this project is quickly dying. All those that have anything negative to say about the yearbook need to let me know one thing: were you there to help out. Keep comments positive unless you criticize your own work please.
