Entrepreneurs of Tomorrow

Mrs. Wicks

Mrs. Volkert

Each year the eighth grade students in Home & Careers become entrepreneurs. The students interview for jobs and carry out their duties within the respective departments. The project is designed and carried out by the students. A profit is made and donated to a group, or is used to buy something needed by the school. The New York State Flag flying in front of the school was purchased with profits made by an entrepreneurship group. These crude business men and women are seniors now, and who knows, as we turn toward tomorrow, may owe their teachers, Mrs. Wicks and Mrs. Volkert, a debt of gratitude for a strong beginning.

Learning to sew is another important skill taught in the Home and Careers class. Here proudly presenting their pillows is the class of 2003.

Plezy cheezy Pretzles were made by the 8th grade class in 1999. Shown here R. McPherson, G. Nabinger, and J. Worden.

Charity starts at home according to these entrepreneurs. Their hardwork paid off with a lump sum check in the amount of \$40.00 donated to the Guilford Emergency Squad.

Everybody likes you when you are selling icecream.

Hard work from the yearbook staff is what made this yearbook come together. We've stepped up a lot from past years and are beginning to use digital imagery rather than using ordinary photographs. This past year has been filled with late nights, a rush to meet deadlines, and a lot of fundraising. Next year, we hope to have a larger yearbook staff in order to make up for the seniors that will be leaving. From the pictures to the captions, and everything in between, the result is a fabulous book of memories from the year 2002-2003. We hope you see all the hard work that was put into this years yearbook, and we hope to see you in the yearbook staff next year.

“ The “Words of Wisdom” was a program that was brought to our school by our principal Robert Atten. The goal was to bring advice and wisdom to the students of this school.

A few of my personal favorites were Charles Landall Adams quote “No one ever achieves great success by simply doing what is required of him.” Another is an old hebrew proverb “I thought I was poor because I had now shoes until I met a man with no feet.” Every morning I read one of these quotes along with some thoughts and ideas that go with them and information to help the students apply it to their lives.

Mrs. Miller

"I think students should just read their notes. They should do something with their notes. They should study actively."

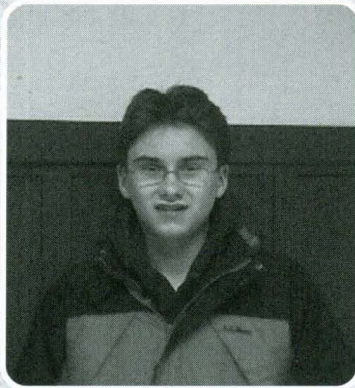

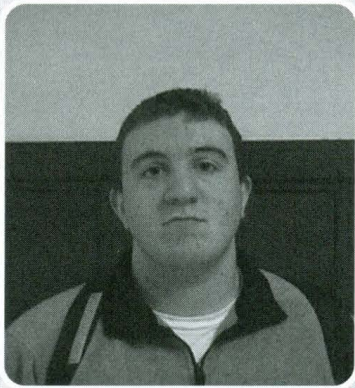

Eric Wilcox

Spanish 3 - "I studied my portfolio that I made during class and I feel that I was prepared. I am looking to get a 90 or above."

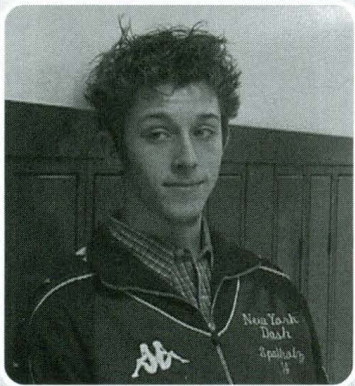

Travis Niles

Spanish 3 - "I take the approach of prayer and I studied my portfolio. I am thinking that I will get a grade in the low 90s."

You Can Do it!

To help the sophomores fully understand how primitive life was in the Middle Ages, I volunteered to sing and demonstrate what entertainment was like. People back then had no tvs or radios. Instead entertainers or gypsies would entertain. I sang songs that were stories and hopefully were interesting to the students. Though this example of entertainment, hopefully the students could grasp just one aspect of life in the Middle Ages.

The 2002 boys varsity soccer team improved over last years' record while continuing to build for a stronger team next year. We started the season against last years' Class B State champion and finished against the Class C State champs. In between those tough games we played an exciting and competitive schedule that earned us a place in the Sectional playoffs.

The JV boy's soccer team had another successful season. They finished with a final record of 9 wins and 7 losses. Despite the fact that the level of play was much higher in the league this year than it has been in the past, the boys proved that they are capable of playing at that level. One of the big highlights was a win over perennial power Greene. However, the most impressive thing the team did was their 1-0 win over Sidney. This was the only team that beat the Sidney JV team all year. In the second showing with Sidney, B-G became the only team to take the warriors to overtime, proving that they are among the best teams in the area.

Offensively, the team was led by Chris Howard (29 points), Greg Cummings (27 points), David Nelson (22 points) and Andy McFee (21 points). Defensively, a pair of 8th graders saved the day on many occasions. Brian Engel played his first high school season in the goal and Brandon O'Brian played his first season ever as a defender. Both show that there is a strong future for the B-G boy's soccer program. Paul Holland, Seth Palmer, and Tim Smith showed great leadership as well as improvement as they prepare to step to the varsity level. Great improvements by freshmen players such as Eric Haddad, Alex Craver, Ryan Healt, Mike Holbert and Dave Holland also bode well for the future of the program.

We learned a lot, had fun, and we'll be back again next year.

T. Anderson and A. Winn talk about strategies for winning the game.

This years team had an overall record of 17-3 and a division record of 8-2. Three of our wins included wins over 3 Class B schools and the 8-2 division record tied us for best record in our division. This was one of the hardest working teams I have ever had the pleasure to coach. Whether in practice or in a game the girls gave 100%. In our 17 wins the Lady Bobcats held their opponents to less than 30 points. In 5 of those games those opponents were held to less than 20 points.

This years season was marked by many ups and downs, but the players never lost sight of what is important, working together, improving and growing as people. At the Unatego Tip-Off Tournament the Bobcats earned third place. Steve Nelson was selected to the All Tournament Team by scoring 23 points against GMU and 22 points in a victory against Hancock. Jamie Patten was named to the All-Tournament team, at the Harpusville Holiday Tournament. The two games against Greene were the best team efforts for the Bobcats. Their team work and hard work are what helped them prevail in both contests. Although our win loss record was not what we hoped it would

be, this season will be looked on as success in many other aspects which are a part of high school athletics. Unatego All Tournament Team-Steve Nelson. Harpusville All Tournament Team-Jamie Patten. MAC Division I-1st Team All-Star-Steve Nelson. MAC Division I-2nd Team All Star-Jamie Patten.

The Bears got off to a quick 6-1 dual record before injuries ravished the team to finish 6-5 on the year. However the Bears did win MAC Division I and sent three Bears to the states. Tyler Mumbulo won a state title and Eric Decker finished 5th. Chris Locke wrestled tough but fell short. Other outstanding years went to Dave Buchanan and Justin Davy.

Student Newspaper

To create the newspaper we start off with a meeting on Monday with all the student writers, and the teacher. We then decide what articles will be included in the edition, and who will write each article. For the rest of Monday and Tuesday we write the assigned articles. We then hand in the articles to Mr. Lorimer so he can grade and edit them.

On Wednesday and Thursday we determine where the articles will go in the newspaper. While determining where the articles will go, we have to decide how to fill the pages up using pictures, graphics, and interesting facts. Once we have it completely edited, we print it for the final ok by Mr. Lorimer.

When he gives the final ok, we publish the newspaper for the students. We put the paper in the MPR room, on the newsstand for students to read.

Students use the digital camera and the iMovie program to complete video production unit.

Battle Of The Schools

Bainbridge-Guilford against Unidilla Valley and Norwich

All 42 students are pumped and ready to compete.

G. George gets ready to perform a skit.

For the circle run you need speed and agility, these students look like they are ready to run.

C. Case gets a little dizzy doing the bat pin relay.

Accept the CHALLENGE

Buzz Lightyear (S. McFee) is getting some much needed help in finding the perfect date from his friend Mickey Mouse (S. Holowacz).

Searching and searching for the worm in their pudding bowl are these spirited students.

With the help from Mrs. Branham the director of Bainbridge-Guilford's team, Mrs. Craver and her advanced art class, who received 1st place in the poster contest, Mrs. Miller for help with the skit, Mrs. Volkert for the costumes, Mrs. Shirkey and the support of the Student Council, and all the captains, Trisha Anderson, Amanda Bryden, Matt Powers, Pete Sterchak, Ashley Smith, Sarah McFee, Stephanie Holowacz and Garret George, it was a night filled with fun. For the first time going to the Battle of the Schools all 42 students, dressed in t-shirts designed by Casey Reigles, competed very well. Mrs. Branham and Mrs. Craver were very proud of the dancers. They pulled together as a team and performed well with only 4 hours of practice. Next year there is some improvement needed in deciding what events to sign up for that will accentuate your strengths. Such as fast foot work would be good for the circle run, speed and agility for the obstical course, and strength for the tug-of-war.

Mrs. Branham was very pleased with the students and how they were full of spirit all night long. They were a bunch of high spirited students who were still going after 6 hours of competition. Bainbridge-Guilford has been invited back again next year for some more exciting competition, and we're hoping for more students to join in the fun.

COLOPHON

After much time and consideration, this years staff chose Turning Towards Tomorrow for our theme. Our cover was decided upon at our second meeting early in September. 144 black and white pages with 16 color pages works well for Bainbridge-Guilford High School so we stayed with this choice. For this second year in a row we used digital pictures. Some pictures being E-mailed directly to Yearbook. Our 2003 Yearbook was produced using Adobe Page Maker 7.0, and Josten's Yeartech. We also began submitting pages over the internet. The yearbook staff participated in many fundraisers this year, but still with rising cost eventually decided to raise the price of our book to forty dollars.

The 2003 yearbook staff greatly appreciates the custodial staff for their patients, Mr. Ruston for sharing his space, area businesses for their support, as well as Mr. Tompkins for being a patron, and Cathy Sherrick who drives to Pennsylvania each year to save us the cost of shipping our yearbooks. A big thanks to Mrs. Tompkins as well, from the Yearbook Staff.
