

# The Bainbridge Guilford Central Schools Board of Education

*“Committed to excellence in education”*

## Goals for 2016-2017

---

- **The Bainbridge-Guilford Board of Education will build community trust and satisfaction through increased and meaningful communication**

- Hold and participate in community forums relating to the anticipated capital project.
- Attend/be a presence at more school and community events including, but not limited to; athletic events, open houses, concerts, award assemblies, etc.
- Provide for easier access to Board minutes/conversation with BoardDocs.
- Utilize more often the already established district modes of communication (website, Blue & White, All Call, letters home) to interact with parents and community members.
- Establish collaborative relationships with union leaderships, parent/teacher groups, and community groups to help further broadcast important district news/information.
- Continued BOE team building and development.

- **The Bainbridge-Guilford Board of Education will increase student academic achievement through the demonstration of student growth**

- The Board will follow up and request student growth data relating to our RTI program.
- The Board will work with the Superintendent, administration, and the district LINKS team to ensure curriculum is aligned to State and National standards.
- Examine the most effective ways to use technology to enhance student achievement
- Maintain a high graduation rate.
- Continue to encourage and support programs that ensure students have equal access to the best education and interaction possible.

### **Ongoing:**

- Continue to access opportunities for professional development for ourselves, as well, for all district staff.
- Work to achieve the best working relationship as a Board member in order to do what's best for students and be aware of our responsibilities.
- Offer high quality programs and classes that allow our students to compete in today's world.
