Date: April 4, 2024

Re: Cooperative Purchasing Science Supply Bid Awards #2024-102

RESULTS & AWARDS:

On April 3, 2024, the DCMO BOCES Board of Education reviewed the bid award recommendations, and approved and awarded the bids.

Please see the attached “Science Supply Bids Awards” in a PDF format. These are the results of the bid award recommendations. Any district in the service may take advantage of this award, even if the district did not participate in the initial requisitioning of items. The vendor contact sheet will give you additional information regarding the awarded bidder, such as the address, phone number, contact person, etc.

DISCOUNTS:

The vendors offered discounts off their website or catalog. These discounts are on the vendor contact sheet. If the item you need is not within this bid, you can search for the item utilizing the discounts from the vendors to ensure that you are getting the best possible price. Sometimes a 15% discount from one vendor is better than a 20% discount from another vendor but you must do your research. Please review the discount analysis for further information.

AWARD BOOKLETS & EXPORT/IMPORT FILES:

Award booklets and exports for WinCap will be on our website. Import Files for WinCap, nVision or FM will be available in your school district's Shared Google Folder.

If you see any price that shows as \$0.00 on any reports or online this means the item in question did NOT RECEIVE A BID. The item was either discontinued or not available from the vendors the provided a bid. The No Bid items may have a suitable substitution within the bid awards.

PURCHASE ORDER ATTACHMENT INFORMATION:

The “P.O. Attachments” and the district-ordering summary will be available to you in a PDF file in your district's Shared Google Folder. The PO Attachments will show the items requested from each requisitioner (teacher/staff) and by awarded bidder. The P.O. Attachments are like a Purchase Order Request; they list the items awarded, bid price, and are in order by Vendor for each requisitioner (teacher/staff). The PO Attachment header information includes:

- The Vendor name, address and code;
- The Requisitioners' name, School and Address [ship to and bill to addresses, in some cases, may be different].

The vendor listed at the top of the page is the awarded vendor for those items. Each line item lists the quantity ordered or the adjusted quantity, item number, vendor product number, description, unit of measure, unit price and extended price. The original specification includes any alternate brand or unit of measure that the vendor offered.

Please note that in some cases the original quantity had adjustments to reflect the updated alternate unit of measure. For example, if the original unit of measure was “each” and the item award has a unit of measure of 12, a teacher originally ordering 12 will see an order on their PO Attachment for 1, which reflects the awarded alternate unit of measure.

The P.O. Attachment frequently becomes an attachment to a Purchase Order, making separate typing of POs unnecessary. Some districts simply type one purchase order for each awarded vendor with the total dollars being the aggregate of all the P.O. Attachments for that awarded vendor. Vendors are aware that they are to pack and mark per teacher and invoice separately if requested, at no extra charge. There are no fuel surcharges, handling fees or shipping costs allowed on any invoice.

WINCAP:

We have developed a few export/import files for use with WinCap that will facilitate the purchase order function. WinCap has the capacity to import our bid award Catalog, along with the requisitions collected from our website. The Sullivan County BOCES CBO tested the function to ensure the process works properly. WinCap has a Universal Import for Purchase Orders, which we have been able to utilize with the help of WinCap to import the data extracted from the PO Attachments produced by our Software package. This file is then imported into WinCap along with the bid awards, U/M and vendor imports. If you would like to utilize this import function, the Universal PO imports are in your district’s Shared Google Folder. DO NOT CALL WINCAP.

FINANCE MANAGER – NVISION:

We now have a workable download for Finance Manager and nVision with the capability of importing the same information as above into their financial package. However, in order to make this work properly we need to have the building code and budget code for each end user built into our system before exporting the file.

SUBSTITUTED ITEMS:

The vendor must supply the products to our original specification unless the vendor otherwise offered an alternate brand which was accepted and awarded. The alternate brands awarded are on the award sheets within the descriptions. Alternate items or UOM are within the item’s specification and within the “Alternative Information” column.

IMPORTANT BID INFORMATION:

Please note that according to our contract the awarded vendors must follow these contract terms:

- Must deliver and invoice within 35 days from the date the vendor confirms they received the purchase order. (If a vendor fails to deliver in this time, please contact our office, as we may implement the Buy Against Clause)
- Pricing is firm until 4/30/25.
- Must provide the brand they specified on the bid throughout the bid contract.
- Must not substitute any item unless they have advance approval from the district.
- Cannot say an item is discontinued or no longer available, and offer you a higher priced item. – PLEASE CONTACT US IMMEDIATELY – Substitutions must be at the bid price.
- Must not include shipping, handling or fuel surcharges on any order meeting minimum.

- You can combine orders for other items not on bid with any purchase order containing bid items to reach the minimum ordering amount (if applicable).

SHIPPING NOTES:

Basic Instructions:

1. The P.O. Attachments will be available in your district's Shared Google Folder. Each purchase order is by Requisitioner and lists each item requested by Awarded Vendor.
2. Check P.O. Attachments for small orders under the minimum amount of \$25.00. These orders can combine with other orders so that the district meets the minimum order amount (if applicable).
3. If you need to make any deletions or additions to the P.O. Attachment(s), please contact us and we can re-make the P.O. Attachment.
4. You may receive a Purchase Order Attachment that has no vendor listed at the top; this report shows items that are no bid items. Either there were no bids received for these items or the bid received did not meet specification and Requisitioners should review these sheets and either, research the item to see if it may be available from the awarded vendor or find a substitution in the bid or catalog. If the items are available, the vendor's name, product source number and price (with discount taken, if applicable) may be written on the top of the PO Attachments and used in the same capacity as a normal Purchase Order Attachment.
5. Make sure to reference any reference numbers and the DCMO BOCES Bid # on all Purchase Orders.

PRODUCT QUALITY / VENDOR ISSUE RESOLUTION PROCESS:

If you should encounter a Product Quality problem or Vendor Issue, please follow the process below:

1. Call the vendor contact person. Note the date and time you called about the issue. Make sure to have them give you a time or date that the problem will be resolved. Make sure you get the person's name and their phone number.
2. If the problem is not resolved or the person you spoke to is not responsive to correcting the problem, please email us the information below:
 - a. Details of the problem
 - b. The company you having an issue with
 - c. The PO Number and/or Invoice number
 - d. Your customer number
 - e. The person's name at the company you spoke to about the issue and their phone #
 - f. Variance form

Once we have the information we will work with the vendor and copy you on the email. If you need to speak with us for any reason, you can email us at cooppur@dcmoboces.com. Feel free to call or email us with your issues or concerns. We will try our best to get it sorted!

READING THE PDF AWARDS:

To search the PDF, there is a "find" box in the tool bar or use CTL & F on your keyboard. A search bar will appear and from there you can type in any keyword to find the items you are looking for.
